PROFESSIONAL SUMMARY

Engineering student with hands-on experience in software development and data-based projects. Familiar with programming, backend development, and database management. Interested in building practical applications and contributing to team-based technical work.

SKILLS

- **Programming Languages:** Python, Java, JavaScript
- **Web Technologies:** HTML, CSS
- **Databases:** MySQL, MongoDB
- **Backend:** REST API, Node.js, Express.js
- **Tools:** Git, GitHub, VS Code, MySQL Workbench

EDUCATION

- **Bachelor of Engineering (Electronics and Telecommunication)**
Ajeenkya DY Patil School of Engineering, Pune | 2022–2026 | CGPA: 8.55

PROJECT

SkillSync Exchange Platform | Node.js, Express.js, MongoDB, HTML, CSS, JavaScript

- Designed a web application where users can sign up, showcase their abilities, and connect with others for mutual learning.
- Developed server-side APIs and structured a MongoDB schema to manage authentication, profiles, and skill listings securely.

Airline Reservation Management System | Python, Tkinter, MySQL

- Built a desktop-based booking system to manage reservations, cancellations, and passenger records efficiently.
- Integrated a relational database with a user-friendly interface to ensure accurate data processing and record management.

WORK EXPERIENCE

Intern – Python & Power BI Developer | Sami Infotech

(Feb 2025 - Mar 2025)

- Applied Python programming concepts to design data-driven applications and automate backend processes for booking operations.
- Created interactive Power BI dashboards to visualize booking trends and customer insights, improving data interpretation and reporting efficiency.

CERTIFICATES

- Bootcamp on Machine Learning for Cyber Security Organized by C-DAC Hyderabad
